Engage THRU TECH
## Explore, Collaborate, Lead!

Live Online*
Video Production Classes
Summer 2020

Led by Ruth Bacha, a licensed occupational therapist, these classes accommodate students of all degrees of technical skill, and all ability levels! Integrated with "typical" teens!

Mega Movie Effects Camp

July 6-10, 2020 from 10:30am to 4:30pm ($450 or 30 respite hours)
August 17-21, 2020 from 1:00pm to 4:30pm ($265 or 17.5 respite hours)

How many movie effects can you pack into a weeklong camp? How about animation, green screen, slow-motion, fast-motion, reverse, AND stop motion! In this introductory class, not only explore each "genre," but begin to combine them in new and exciting ways! **August registration deadline July 24, 2020.**

Coding Campers Camp

July 27-31, 2020 from 10:30am to 4:30pm ($450 or 30 respite hours)

Embark on an adventure while developing a 2-D "quest" video game! Build the code for "keys" that must be collected before moving to the next level! Work in teams to develop your own "map," and custom graphics!
No prior coding experience necessary. **Registration deadline July 10, 2020.**

Movie "Variety Pack" Class

Mondays & Wednesdays August 3 to 26, 2020, 6:00- 7:30pm ($180 or 12 respite hours)

Whether you like animation, green screen, stop motion, or all of the above, we've got you covered! Come with your ideas of the type of video you would like to make, and let's figure out how to make a group project with your contributions! **Registration deadline July 10, 2020.**

In a Live Online class, participants receive instruction via video calls. They also "remote desktop connect" to our computers (located in our office). This allows them to "take over" our computers (from their home computer), for us to guide them through our software click by click, and to step in to help if necessary. These classes are adapted to fit the participants' level. No prior tech experience is necessary! An adult must remain present at the house during the camp or class, for emergencies.
